

Thank you for “looking up” with the Oakland Astronomy Club!

For additional information and resources, visit our website:

<http://oaklandastronomy.net>

To be added to the list of folks notified of free public events and observing opportunities email us at: outreach@oaklandastronomy.net

FREE RESOURCES YOU MAY FIND OF INTEREST:

NASA’s Picture of the Day, new every day! <https://apod.nasa.gov/apod/>

Daily 2-minute Podcast of tonight’s interesting objects: Subscribe at <https://blubrory.com/stardate>

Monthly Podcast about what’s in the sky this month: <https://skyandtelescope.org/subscribe-to-podcast>

Print Monthly sky maps: <http://skymaps.com> (Select the Northern Hemisphere map.)

Constellation Information: <https://constellation-guide.com>

Free Computer Planetarium Software with upgrade options; it’s what we use! <http://stellarium.org/>

Free Apps for your phone: Planetarium app: <https://www.celestron.com/pages/skyportal-mobile-app>

Spot the International Space Station: <https://spotthestation.nasa.gov/>

Get a detailed image of the moon for any date/time in 2024 at: <https://svs.gsfc.nasa.gov/5187>

A short, don’t-miss Moon Feature Video set to Clair de Lune: <https://svs.gsfc.nasa.gov/4655>

Image Luna with a DSLR or phone: <https://science.nasa.gov/moon/photography-guide/>

Look through the telescopes at McDonald Observatory at: mcdonaldobservatory.org/visitors/livestream

Library Books: [Night Watch](#) (or any book by Terence Dickinson)

[Turn Left at Orion](#) (By Guy Consolmagno and Dan M. Davis)

[The Stars, A New Way to See Them](#) (H.A. Rey...famous for Curious George Books!)

[Find the Constellations](#) (H.A Rey)

OUR CLUB’S MISSION is to share our love of astronomy with our local communities.

Guests are always welcome at our monthly club meetings and at our free monthly star parties. (Email outreach@oaklandastronomy.net to be added to our guest list.) Not only do we share the wonders of the day and night sky with guests at our observing location at Addison Oaks County Park, we also bring our telescopes to where you are! We provide observing opportunities and conduct informative programs for nature centers, parks/rec departments, schools, libraries, and scouts!

Ask us! While our events are provided at no charge, your donations help us to fulfill our mission.
